WORK EXPERIENCE

Graduate Apprentice Trainee

Hindustan Petroleum Corporation Limited

04/2022 - 03/2023, Retail Engineering (Salem RRO)
Tasks/Achievements   *Salem*

I oversaw site operations, ensuring plans were followed and materials were available, and handled maintenance coordination. I managed paperwork for purchases and tenders, ensuring completion. Additionally, I coordinated with contractors, handling measurements, safety checks, and progress tracking. I also deal with Retail Automation Operations, managing electronic transactions and analyzing data, showcasing skills in site management, paperwork, and operational efficiency."

As a Graduate Apprentice Trainee, I took the initiative to develop an innovative automation tracking website for this company, a project that garnered appreciation and recognition from the organization. This endeavor showcased my dedication to advancing technological solutions and optimizing operational efficiencies. The honor bestowed upon me underscored the impact of the website in revolutionizing our processes, reflecting my commitment to driving forward-thinking initiatives

PROJECTS

BUS RESERVATION

I have recently created my own project. This project aims to save customer and bus details in an SQL database, facilitate the booking process, and check the availability of buses.

ORGANIZATIONS

Senchola Technology (Internship)

As a Frontend Developer intern at a social learning platform, I contributed to enhancing user interfaces and experiences. I collaborated with the development team to implement responsive and user-friendly designs, improving the platform's interactivity. Additionally, I gained hands-on experience in coding, debugging, and optimizing web applications while adhering to best practices in frontend development. My internship equipped me with valuable skills in HTML, CSS, JavaScript, and frameworks like React or Vue, fostering my growth as a proficient frontend developer.
